Great on the PE!

Ok. Yes, please let me know of any schedule changes due to the weather.

Isn't today the first day of Spring!?!

Best,

I received the PE last week, storing it in the DESA lab freezer.

Hopefully the weather will not be a problem ! Will let you know if we have to reschedule.

Hi, Phil-

Sounds good. Sure, I would like to be on the call, if timing works out. I'm good for tomorrow morning or early afternoon. I won't be available after 2:30pm tomorrow.

Are we all set for the PE samples?

Thank you!
Michelle-

Hi, Phil-

Please see mobile lab contact info below. I will touch base with Hilary tomorrow. But, I'm thinking it would be good for you to call Hilary (cell no. below) to coordinate for Thursday's inspection. Let me know what you think...

Thank you!

Below is the Mobile Lab contact. I let Hilary know that you or another representative of the EPA would contact her concerning the lab audit. Hilary indicated that she is typically easiest to reach via her mobile phone.
